

**ICID's Mega Event,
4th World Irrigation Forum (WIF4), and the 76th International Executive
Council (IEC) meetings, Kuala Lumpur, Malaysia.
7 to 13 September 2025**

It is to inform that AARDO's partner organization, the International Commission on Irrigation and Drainage (ICID), will be organizing its flagship event-***the 4th World Irrigation Forum (WIF4) and 76th International Executive Council (IEC) Meetings***. These events are being organized in collaboration with the Malaysian National Committee on Irrigation and Drainage (MANCID) from September 7 to 13, 2025, in Kuala Lumpur, Malaysia.

The main theme of the Forum "**Is Irrigation a Sunset Industry?**", presents a timely and thought-provoking question to stimulate meaningful dialogue on the evolving role of irrigation and to explore the sector's relevance amid growing global challenges such as water scarcity, climate change, and the urgent need for sustainable agricultural practices. WIF4 will offer a distinctive global platform for policymakers, researchers, industry professionals, and stakeholders to convene, share insights, exchange best practices, and showcase innovations in irrigation and drainage.

The MANCID has meticulously planned a range of interactive and enriching programmes, including, Thematic Sessions & Workshops, Technical Paper Presentations, Technical Tours & Field Visits and Cultural and Networking Events for Delegates and Accompanying Guests. Participants will have the opportunity to explore cutting-edge technologies, innovative practices, and global trends in irrigation and drainage while also experiencing the vibrant culture, traditions, and renowned hospitality of Malaysia.

Please note that participation in these events is on a self-financing basis. The Information Brochure is attached for your reference. For further details, kindly visit the official WIF4 website: <https://wif4.org/index.php/en/>
